

## Touch-A-Truck Event

The Department of Public Works was happy to participate in the Touch-A-Truck Event, which was the Library Children's Reading Club end of summer event on August 1, 2017. The Department of Public Works along with the Police and Fire Departments parked their vehicles at the St. Clair Shores Public Library parking lot for the kids in the community to touch and explore. The event was a great success and we look forward to participating in future Touch-A-Truck events.
